

Entrepreneurial Fellowship

Start or grow your own business!

Have a business idea but aren't sure how to get started? Need access to the right tools and equipment? Want to build your skills and turn your vision into reality?

You'll get hands-on training, guidance, workshops, and learn about how to sell in online marketplaces. Fellows will work directly with advisors and experienced entrepreneurs.

Scan the QR Code to learn more or **APPLY for the program.**

castlemakers.org/ccf

We will start accepting applications on Monday, July 14.

Learn to use our equipment:

3D Printers, Laser Cutter/Engraver, CNC Machines, Electronics, Software, and more.

Includes business advising and mentorship.

Supported by the Indiana Small Business Development Center (ISBDC)
